a seamless integration into your building and into your business

Background

A Caulfield steak house had been extensively damaged by fire.

MFB received numerous calls to attend a blaze at Limor's Restaurant in Kooyong Road, Caulfield North, about 7:36am.

The fire originated in the kitchen on the ground floor before spreading to the second floor then penetrating through the roof. Kitchen area, including the contents, had been extensively damaged by fire. Other areas of the restaurant had been damaged by heat and smoke.

Approach

The 30 year old dumbwaiter needed to be removed and a new unit supplied & fitted to withstand the demands of a commercial environment. (A 6 week period to completion was required.) The solution.... the Premium Series (DW4000-100), 2 level dumbwaiter. with Stainless Steel bi- parting doors.

Challenges

This commercial application required a brand new dumbwaiter be built & fitted with the 6 week time frame allowed to complete the fire damaged rebuild.
